

STEVE CLAXTON'S

# SMOKY MOUNTAIN ADVENTURES

Steve Claxton has been exploring these mountains and fishing these streams all of his life. Over the past two decades, he has built a reputation as one of the most knowledgeable fly fishing guides in the Smokies. He knows the mountains like his own backyard and has been fishing so long he thinks like a trout.

## CAMPING BACK COUNTRY CAMPS

Want to go backwoods camping in one of the most remote areas of the Great Smoky Mountains National Park? But lack the necessary equipment and resources?

We can completely outfit a trip to Hazel Creek for your group of four to twelve people including a boat shuttle across Fontana Lake. Your campsite will be completely set up and waiting for your arrival, giving you more time to experience some of the very best trout fishing in the Smokies. Please call for more information, availability and pricing.

## AT HIKING HIKER SHUTTLES

When you're section-hiking the Appalachian Trail, you need transportation to and from the AT. If your hike is interrupted with an injury, you need transportation.

We provide hiker shuttles to and from regional airports and other area destinations. Call for an estimate or schedule.

## FISHING BACK COUNTRY DAY TRIPS

There are three spectacular trout streams in the North Shore area of the Great Smoky Mountains National Park — Forney Creek, Eagle Creek and Hazel Creek — and we take guided fishing trips to all three. However, our favorite destination is Hazel Creek, one of the most unique areas in the National Park.

Experience wild trout fishing at its best. Call for availability and pricing.

## FISHING LAKE TRIPS

You don't have to wade rocky mountain streams to catch trout in the Smokies. Cheoah and Calderwood — two coldwater finger lakes downstream from Fontana Lake — are rich with trout. We also offer guided trips on Fontana Lake for walleye, lake trout, smallmouth and largemouth bass.

We provide the boat, tackle and expertise for a successful day of fishing on both lakes. Call for availability and pricing.
